

ST.PETE
CLEARWATER

April 2026

Dear St. Anthony's Triathlon Participants and Supporters,

Welcome to the 43rd St. Anthony's Triathlon in downtown St. Petersburg, FL. Each year, we look forward to our race weekend and we're eager to have you be a part of our exciting event along Tampa Bay.

The St. Anthony's Triathlon plays host to professional triathletes, weekend warriors, first-time participants and children who find joy in turning swimming, biking and running into an endurance sport. The course takes athletes from our gleaming waterfront through some of our most picturesque neighborhoods.

The weekend of events also includes the St. Anthony's Triathlon Sports & Fitness Expo, which begins April 24, and is a showcase of the latest equipment for endurance athletes. All events will be held in Vinoy Park.

Professional athletes who have raced around the world will be a part of this year's event. For the second consecutive year our returning champions will be on the course. We are excited to have back [2025 champions](#), Marc Dubrick and Grace Alexander.

As in years past, the St. Anthony's Triathlon will feature a talented pro field with past St. Anthony's participants, Olympians, Ironman competitors and world champions vying for a portion of the \$53,000 prize purse.

Our Olympic-distance event has a reputation throughout the triathlon community as an essential race for any resume. This year's Olympic- and Sprint-distance events are part of the [USAT State Championship Pilot Program for Florida](#). The Meek & Mighty event is a part of USA Triathlon's [Youth State Series](#). And we also have a [2026 USAT Para Nationals Qualifier – Adaptive Sprint](#).

More than 3,000 athletes are expected to compete in all races this year, which demonstrates the tremendous popularity of the Triathlon. The first St. Anthony's Triathlon started with 600 competitors. In 2025, athletes from 40 states, the District of Columbia, Puerto Rico and 10 countries competed in the Triathlon.

Just as the Triathlon has grown, [St. Anthony's Hospital](#) has grown to serve our patients and their families since 1931. In 2025, we completed a project to add a dedicated neurological intensive care unit to the hospital. Also last year, the hospital opened a new magnetic resonance imaging (MRI) suite with two new machines. Our continued growth is proof of our commitment to improving the health of our community.

St. Anthony's is proud to be a part of this weekend of athletic events that offers an exciting, competitive and interactive experience for the entire family. Thank you for making the St. Anthony's Triathlon a part of your competition schedule.

Yours in good health,

Scott Smith
President
St. Anthony's Hospital

Emery Ellinger III
Chairman of the Board
St. Anthony's Hospital

ATHLETE CHECK-IN

WHEN:

- Friday, April 24th from 12-6pm
- Saturday April 25th from 12-5pm

There will be no athlete check-in on race day, Sunday, April 26th. If you don't check in during Athlete Check-In, you won't be able to race. **All sprint and Olympic distance packets must be picked up by 5pm on Saturday, April 26th.**

ONLY Meek & Mighty athletes will be able to check in on Saturday, April 25th from 6:00-7:15am.

WHERE:

Vinoy Park

701 Bayshore Dr. NE,

St. Petersburg, FL 33701

WHAT TO BRING:

Photo ID

WHAT WILL BE IN YOUR RACE PACKET:

- Athlete wristband – must be worn all weekend
- Bike and helmet Stickers
- Race bib – must be worn on the run
- Disposable Timing Chip – worn on left ankle. Should you need an extended size please check at registration.
- Instruction Sheet & Parking Map

ATHLETE WRISTBAND:

A wristband printed with your race number will be affixed to your wrist at Athlete Check-In. This band will identify you as an official participant and must be worn during the entire event. The wristband is required for medical identification purposes and allows you access to the transition area and post-race food and beverages. You won't be allowed to remove your bicycle and gear from the transition area following the race without your wristband affixed to your wrist.

BIKE STICKERS:

The following stickers will be in your athlete packet:

- Adhesive bicycle frame number must be attached to your bike with the race number clearly visible from both sides of the bike. Don't affix the number to your bike frame until you're prepared to enter transition on Saturday. Lost bike numbers cannot be replaced.
- Small adhesive helmet number must be worn on the front of your bike helmet.

RUN BIB:

Run number must be displayed during the run segment on the front of your body. Pin your run number to your shirt, swimsuit or race belt. We will have safety pins at packet pickup should you need them.

HYDRATES BETTER THAN WATER

GATORADE

DISPOSABLE TIMING CHIP

Your timing chip is a long foam strap that you will wear around your left ankle for the duration of the event. It has your race number on it and can be applied by removing the adhesive on one end. You can dispose of this timing chip after you've completed the race. **In the event you lose or forget your chip before the race, there will be extras at swim start.**

PRE-RACE INFORMATION

USA TRIATHLON:

St. Anthony's Triathlon is sanctioned by USA Triathlon. You must be a current USAT member to participate or you may purchase a one-day license (required to complete the online registration process). All USAT rules will be in effect during the event. Athletes wishing to file a protest must notify the Head Referee within 15 minutes and submit the completed protest form within a further 30 minutes.

OPEN WATER SWIM CLINICS:

Coach Leo Briceno will be hosting open water clinics on Thursday, April 23th at 6pm and Friday, April 24th at 5pm. Please meet Coach Leo by the volleyball courts and everyone will walk down to the swim start together.

SPRINT AND OLYMPIC DISTANCE BIKE CHECK-IN:

Bike check-in on Saturday, April 25th at Vinoy Park from 12-5pm. You may also check-in your bike on Sunday, April 26th during transition hours of 5:15am -6:45am, but you must have your bike numbers affixed to your bike.

Athletes must be wearing their athlete wristband and have their bike stickers on the stem and the frame. While bikes are stored in transition, athletes will be allowed to cover their seats and handlebars only from unpleasant weather. Full bicycle covers are forbidden due to safety hazards to athletes and volunteers. If bicycle covers are left on bikes over night, they will be taken off and left in transition once athletes have checked in their bikes. Transition will be open from 5:15am-6:45am on Sunday and athletes will have access to their bicycles.

You may have another competitor check in your bike once they've gotten their participant wristband. The bike must be checked in by 5pm on Saturday. Your athlete packet must be picked up and the bike number affixed before someone else can check it in.

MEEK & MIGHTY BIKE CHECK-IN:

Athletes participating in the Meek & Mighty event will bring their bikes on race morning. Transition opens at 6:15am. We will have plenty of volunteers to help the younger athletes set up their equipment.

BODY MARKING:

The Meek & Mighty event will still have body marking.

The sprint distance and Olympic distance events will no longer utilize body marking or race tattoos.

TRANSITION AREA ACCESS:

The transition area for sprint and Olympic distance athletes will be open on race day from 5:15-6:45am only. The transition area closes for all athletes at 6:45am. Any athletes, including **Sprint and Relay team members**, arriving after those respective times won't have access to the transition area. Only athletes wearing their wristband and bike stickers will be allowed access during that time period. You won't be allowed access to the transition area to reclaim your bicycle and gear until after the last athlete has started the run (approximately 12pm).

TIMING CHIPS:

You're required to pick up your timing chip during packet pick up. If you lose your chip, additional chips will be available on Sunday morning at the swim start. **Don't lose your chip.** Each chip is encoded with your specific registration data, so don't trade your chip with another athlete. The chip must be affixed to your left ankle prior to the swim start and must be worn during the entire event. Athletes are responsible for crossing the timing mats at the beginning and end of each segment (swim start through run finish).

SWIM START:

The sprint and Olympic distance swim starts at North Shore Beach, approximately 0.4 miles north of the transition area. Participants should proceed to North Shore Beach for the start no later than 30 minutes before their start time. St. Anthony's Triathlon will have a "Rolling Start." Athletes will self-seed based on individual abilities according to their expected finish time.

ESSENTIAL ITEMS TABLE:

There will be a table set up at the swim finish for the collection of your eyeglasses, medications or other essential items. Be sure to clearly mark all items left on the table with your name and race number. St. Anthony's staff and volunteers aren't responsible for anything left on the table after the event.

TRANSITION AREA CONDUCT:

For safety reasons, you won't be permitted to ride your bike in or out of the transition area. You must walk or run while on the grass in the transition area. Please watch out for other athletes as you move through the transition area and follow the instructions of race officials and volunteers.

SWIM COURSE:

Each athlete will have 65 minutes to complete the Olympic Distance Swim and 35 minutes to complete the Sprint Distance Swim. Note that the swim takes place in open water and conditions can vary from calm to rough. You should be prepared and able to independently complete the distance in the allotted time, as you won't be allowed to continue the race if you don't make the cut off. Athletes cutting any portion of the swim course will be disqualified.

BIKE COURSE:

Each athlete is required to wear an approved helmet during the bike segment. You must have your helmet and chin strap fastened before you mount and dismount your bike. Drafting and blocking (impeding the progress of passing cyclists) isn't permitted during the race. **STAY TO THE RIGHT.** USAT officials will monitor the bike course and strictly enforce these rules. Athletes will have two hours to complete the Olympic Distance bike course and one hour to complete the Sprint Distance bike course.

Please note that the bike course, while mostly paved roads, does have a short distance of bricks so use caution and be prepared to ride on them.

If you are given a penalty by a USAT official while on the bike course, you will continue on to the Penalty Tent located after bike dismount before you enter transition. You will inform the official of your race number

BIKE BOTTLE EXCHANGE:

One water bottle exchange station will be located midway through the Olympic distance bike course just past the golf course. Please discard all empty bike bottles and sports nutrition wrappers at this station. This will make our clean-up efforts much easier. Discarded bottles or gear won't be returned after the race.

RUN COURSE:

Water stations are located at the run start and at every mile on the run course. Each station will be stocked with water and Gatorade. GU Energy Gels will be available at two different aid stations on the Olympic distance run course. You must complete the entire course and circle the traffic cones at the run turnaround. A timing mat will be placed at the turnaround to ensure each athlete completes the entire run course.

FINISH:

The run course officially closes at 1:15pm. All participants still on the course at this time will be asked to move to the sidewalk. The finish clock will remain on and times recorded until 1:30pm. Participants continuing on their own will assume all risks and must adhere to local traffic laws. Official individual finishers will receive a finisher's medal.

DROPPING OUT:

Please notify a race official immediately if you drop out of the race.

UNSPORTSMANLIKE CONDUCT:

Unsportsmanlike conduct or the verbal abuse of any race official or volunteer during the race or at any time during event weekend will result in your immediate disqualification.

TIMING AND RESULTS:

Official race results will be available prior to the awards presentation. Report any discrepancy to a race official prior to the start of the awards presentation. Athletes who don't wear the timing chip during the entire event won't be scored.

MEDICAL CARE:

St. Anthony's Hospital will provide comprehensive medical care for all participants during the event. The biggest risk to athletes during the race is the potential of heat-related injuries associated with inadequate hydration prior to and during the event. Be sure to drink plenty of fluids throughout the race weekend.

COURSE SAFETY:

St. Anthony's Triathlon is conducted within an urban environment, thus it's virtually impossible to keep the entire course closed to traffic. Be aware of your surroundings, obey the instructions of the traffic control officers and volunteers and be considerate of others during the competition.

AWARDS PARTY:

Be sure to stay for music, great food and cold beer. The awards presentation will begin at approximately 11am for the Professionals and Elite Open Age Group. There is no age group award ceremony. Athletes who placed top five in the Olympic distance, and top three in the sprint can pick up their awards at the awards pickup table and take photos on the podiums.

SPRINT & OLYMPIC TRIATHLON RELAY

Check-In:

Relays consist of 2 or 3 athletes. Every member of the team doesn't have to be present at the same time to check in. However, all members must check in individually for their assigned leg/segment during packet pick-up on Friday (12-6pm) or Saturday (12-5pm). Packets won't be available and check-in isn't allowed on race day. Relay members will check in under their individual name and pick up their individual packet. A photo ID is required. Any substitutions will be required to pay the \$30 change fee, must be accompanied by another team member or team captain and show USAT membership or one-day status.

Timing Chip:

A relay timing chip will be assigned to the swimmer at the athlete check-in. The relay chip fastens with Velcro and can be removed and exchanged. Relay team members must pass the chip to their teammate after completing their segment of the race.

Relay Transitions:

The swimmer will head into transition and hand off the timing chip to their cyclist at their spot on the bike rack. The cyclist will complete the bike course, then come back into transition and rack their bike. The cyclist will then head to the runner relay pen outside of transition to pass the chip on to the runner. We would like to limit the amount of times relay athletes go into and out of transition if possible. Once the swimmer has started, the cyclist should head into transition and wait for them.

Swim 200yds – Bike 5.4 Mi – Run 1Mi

Adults 16+ 8:50am

Swim 100yds – Bike 3.6 Mi – Run .5Mi

Time Trial Pool Start:

Athletes will be seeded into waves. **The first wave will consist of ages 7-10 the second wave will be ages 11-15 and the last wave will be Adults 16+.** The first wave will begin at 7:30am and athletes will line up in numerical order, starting with the lowest number to the highest in each respective wave. There will be many staff and volunteers present to assist with lining up the athletes in preparation for their start. A timing mat will be near the pool at the start location. Athletes start one at a time. As they cross the timing mat, their time will begin. **Each athlete will be individually timed using the timing chip that was picked up during registration.** When all athletes from Wave 1 have exited the water, we'll wait an additional five to 10 minutes to start Wave 2. We'll follow the same procedure for Wave 3. The approximate start time for Wave 2 will be 8:10am and the approximate start time for Wave 3 will be 8:50am.

Bike Check-In:

All athletes will be required to check their bike into transition by 7:20am on race morning at the North Shore Pool parking lot. Bikes can't be removed until the last cyclist from Wave 3 has exited transition. This should be shortly after 10am. Event specific details will be sent out to all participants in early April.

END: FINISH LINE!

USAT MOST COMMONLY VIOLATED RULES AND PENALTIES

HELMETS:

No modifications may be made to the helmet. Helmets must be worn as they were purchased. If the helmet came with a cloth cover, the cover must be on the helmet when competing.

CHIN STRAPS:

Chin straps must be buckled at all times when on a bicycle. DO NOT unbuckle your chin strap until you have re-racked your bike.

OUTSIDE ASSISTANCE:

No assistance other than that offered by race and medical officials may be used.

TRANSITION AREA:

All equipment must be placed in the properly designated and individually assigned bike corral. All participants must return their bicycles to an upright position in their designated bicycle corral. No person shall interfere with another participant's equipment or impede the progress of another participant. Bringing ANY glass containers into the transition area will result in disqualification.

DRAFTING:

- Drafting – Keep at 6 bike lengths (12 meters) with a 25 second through time.
- Position – Keep to the right side of the lane unless passing.
- Blocking – Riding on the left side of the lane without passing anyone and interfering with other cyclists attempting to pass.
- Overtaken – Once passed, you must immediately exit the draft zone from the rear before attempting to pass again.

COURSE:

All competitors are required to follow the prescribed course and to stay within all coned lanes. Cutting the course is an obvious violation and going outside the course is a safety issue. Cyclists shall not cross a solid yellow center line for ANY reason. Cyclists must obey all applicable traffic laws at all times.

UNSPORTSMANLIKE CONDUCT:

Foul, harsh, argumentative, or abusive language or other unsportsmanlike conduct directed at race officials, USA Triathlon officials, volunteers, spectators, or fellow athletes is forbidden.

HEADPHONES:

Headphones, iPods, etc. are not to be worn at any time during the race. Use may be subject to disqualification.

RACE NUMBERS:

All athletes are required to wear race numbers at all times during the run. Numbers must face the front and be clearly visible at all times. Numbers may not be cut or folded or altered in any way. DO NOT transfer your number to any other athlete or take a number from an athlete who is not competing.

WETSUITS:

Each age group participant shall be permitted to wear a wetsuit without penalty in any event sanctioned by USAT up to and including a water temperature of 78 degrees Fahrenheit. When the water temperature is greater than 78 degrees, but less than 84 degrees Fahrenheit, age group participants who wear a wetsuit within such temperature range shall not be eligible for prizes or awards. Above 84 degrees, wetsuits are prohibited.

ABANDONMENT:

All personal equipment and belongings taken out onto the course must stay on the athlete the entire time. No garbage, clothing, etc. shall be thrown on the course.

BAR-END PLUGS:

BayCare Kid For Life

BayCare treats more children in West Central Florida than any other health care system. Whether it's a routine exam or critical heart, cancer or brain care, our teams use innovative treatment options and give every child personalized support and compassionate care. With three dedicated pediatric emergency centers, you can rely on our pediatric ER experts to give your child fast, specialized care, 24/7. St. Joseph's Children's Hospital, BayCare Medical Group Pediatrics and the entire BayCare Kids network help children start strong and stay strong.
